Sir Wm^{ms} J. Dawson

Dear Sir William,

My friend Mr
Farnault is anxious to
make the acquaintance
of Mr Edison and
has requested me to
ask you for a letter
of introduction.

Mr Farnault is
a lieutenant in the
French Navy & is one

of Admiral Vignes' Aid-de-Camps. He is much interested in electricity, and as the Minerva is now in New York & remains there for a few days, he would if he had a letter run over to Orange N. J., where Mr Edison lives to see him.

You would oblige me if you would kindly give

me a letter for Mr
Farnault. —

Yours Sincerely

J. Wurtel:
