Sir

I have been requested by the Literary and Musical Association of Knox Church, to ascertain if you could possibly some time during the winter give us a lecture to aid us in our work.

We wish to have distinctly Christian men to come and we shall be delighted if your time will permit you to come. As our object is not to make money but to build up Christian Character among the young, we can only promise to guarantee Expenses. Please try and come.

With kindest regards.

Yours Very Sincerely.
