Dear Sir William

Your note of yesterday
reached me this afternoon
and I am very glad to know
that so many ladies are
taking advantage of the
classes for the higher edu-
cation of women and that
you look forward to a still
greater increase in the
number attending as the

session progressed.

Thirty regular students
to soon after the commence-
ment of the classes for separate
education is indeed a gratifying
result and one which is
many would rejoice over
interesting efforts in the cause.

I thank you much for kindly
keeping me informed on the
subject and believe me
with best regards

Yours
Doubtless

P. V. O.

The gentleman who was ~~the~~
late Mr. Payne's assistant
was good enough to call on me
early last week & then mentioned
that a meeting of Governors was
to be held on Saturday last. I
see also by the Post that you
had a meeting of the Corporation
yesterday. No notice of the
where to hold either of these meetings
reached me. I can see the usual
notice reached me. I should most
probably have been unable to attend &
I now mention the matter not as a
compliment but from the impression
that an error may have occurred
in addressing notices to me
