Sir J. Wm. Dawson,

My dear sir,

*Many thanks for
the proof, which I found awaiting my return. I
had introduced the Nova Scotia synonyms into
the corrected draft read on last Friday before
the committee at New Haven; the additional
notes will be introduced.*

*Will you be so kind as to let me re-
tain the copy of your supplement? I cannot
find my own copy which has been separated from
the volume. I am to prepare a monograph of
the Carboniferous in which every man's work
will be acknowledged.*

I am

Very truly yours,

J. J. Stevenson
