Sir J. W. Dawson, C.M.G., F.R.S., &c.

Dear Sir,

I have received a favorable reply from the Executive Council of the Alliance in London pledging themselves to send a deputation to our Conference tasking that the date be fixed in the latter end of October. On receipt of this communication I called the Committee together who were appointed at our last meeting to consider the matter of the Conference and prepare an outline of the Programme and all matters <sup>relating</sup> thereto. We have spent the best portion of two days in trying to get things into shape, and we are now prepared to report to the Alliance which I have called to meet in the Y. M. C. A. building on Monday 13<sup>th</sup> at 4 P.M. You <sup>will</sup> perceive from the notice when it comes to hand that I have urged the attendance of every member. If you would like to see our Report before the meeting I will bring it to you.

Now there are two things of a personal nature which I wish you would bring before the Alliance. I am willing to throw all my energies into the Affairs of the Alliance until the Conference is over but the work is going to be very onerous and I shall require some assistance; whether that assistance comes as before (the previous Conference) in a paid assistant or whether the remuneration shall be paid to me I leave you to employ such help as the necessities of the work may demand is a matter which I leave entirely in the hands of the Alliance. Then the other matter relates entirely to the ordinary affairs of the Alliance. For my

judgment the Office of Secretary and Treasurer should be distinct from each other; And as I have received quite a number of names of laymen since the Anniversary who are eligible for the position I wish the Alliance would appoint some one to the office of Treasurer. Of course this does not relate to the Conference as the Finance Committee we have nominated in our Report will no doubt appoint their own Treasurers.

Dear Sir,  
Prof. J. W. Dawson, C.M.G., F.R.S.

I have received a favorable reply from the Executive Council of the Alliance on my letter regarding the above named application for our Conference. The date is fixed on the latter end of October. In view of the communication I called to the Convention together with was appointed at our last meeting to consider the matter of the Conference and I propose an extension of the programme and all matters relating thereto. I have spent the last portion of two days in trying to get things into shape, and on an early morning I report to the Alliance which I have called to meet in the P.M. building on Monday 18th at 4 P.M. I have received from the notice when it came to hand that I have urged the attendance of every member of your society. I have also reported before the meeting that I hope to have there on the thing of a person of national fame. I would have been before the Alliance. I am writing to you all my energies into the affairs of the Alliance with the Conference is over but the work is going to be very heavy and I shall require your assistance, whether that assistance comes as before for your Conference) or a paid assistant or whether the remuneration shall be paid to you. I have not to say that I shall be on the occasion of the work now demanded is a matter which I can certainly do the honor of the Alliance. I am the other matter relate entirely to the ordinary affairs of the Alliance. As my

judgment the Office of Secretary and Treasurer should be distinct  
from each other; And as I have received quite a number of names  
of laymen since the Anniversary who are eligible for the position  
I wish the Alliance would appoint some one to the office of Treasurer.  
Of course this does not relate to the Conference as the Finance  
Committee we have recommended in our Report will no doubt  
appoint their own Treasurers.

I am yours very truly

of persons since the Anniversary who are eligible for the office  
I think the Alliance would appear more in the office of  
of course this does not relate to the Conference on the Anniversary  
consequently we have recommended in our Report only to elect  
Officers their own business.
