Fesham
Woolan

Feb 9. 1888

I have much pleasure
in stating that Messrs
McE. Woolan has
been known to me
for some time, in
connection with the
Trafalgar Institute for
the Higher Education
of women in this
city, and that I
have had various
communications from a very

high opinion of her
personal character and
capacity as a teacher.
More especially in
the somewhat trying
capacity of acting
Principal at a
time when the
Institute was under
her charge in the
absence of a Principal,

She acquitted herself
with very much
credit, and I
believe to the entire
satisfaction of all
concerned in the
working of the
Institute. I hope
Mrs. Woodan will
remain in connection

with education in
Montreat, and
will rise to positions
still higher than
that which she
at present occupies.

Yours truly,
J. M. D. W. M.
