

GEOLOGICAL & NATURAL HISTORY SURVEY,
Alfred R. C. Selwyn, C.M.G., L.L.D., F.R.S., Director.
MUSEUM AND OFFICE, SUSSEX ST., OTTAWA.

Ottawa, Feb. 16th /88.

Dear Sir William.

In answer to the inquiry in your last letter I may say that I have not examined the St. Jerome limestone microscopically and have not noticed Fozon in it macroscopically.

I hope to be able to examine a few of the St. Jerome rocks microscopically before I write my general report this winter but as yet have done nothing with them in this direction.

Yours most sincerely

Frank D. Adams
