Howard Furness Esq

With reference to the above
letter furnished to me by you,
I beg to say that I have
not until this locality was
fenced to since the date
of the contract, and am
therefore unacquainted with
any later discoveries or
developments. I have no
doubt however of the correctness
of the statements made,
and that they will be
borne out by any exami-
nation of the ground that
may now be made, undertaken.

Truly yours
