Monday Morning

Dear Sir William

The enclosed letter from Mr. Morris regarding a mortgage on the Property of the Salvation Army - at 6 per cent - I think favourably of, provided that it is insured in a good office and the policy transferred to us with a guarantee that they will pay the yearly premium.

If you agree with us in accepting the mortgage please let Mr. Morris know, as I leave this morning for Ottawa.

I will be glad to hear from you of the results of our Resolution on Saturday.

yours sincerely
J. Lerbier.

P.S. Mr Morris will see
that the deeds of property
are all perfect, that they
have been paid (and the
builders claims if any)
also that the amount in-
sured should cover the
Mortgage. J. Ferris.

Dear Mr Morris

I agree with the
within of Mr Ferris, subject
to the conditions and
precautions which he suggests.

Truly yours
J. W^m Dawson.

P. S. How would it be in
case of incendiary fire
or mobbing, which with our
population might happen
at any time?

P.S. You would it be in
case of incubation from
or something, which with an
population might happen
at any time?
