

Avondale Road, Croydon.

March 8. 1888

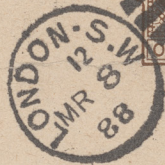

I have duly received your p.c. and the
proofs of your notes on the Sponges.

My paper on them is finished, but time has
prevented me to make a copy so as to catch the mail
to-day; it will reach you I hope by the next
mail and the specimens will likewise
be returned at the same time

Yours very sincerely
George J. Kinder
