My dear Sir

In response to the enclosed card, Messrs Shearer, Finlay, + myself met punctually but as no others appeared up till 8⁴⁵ we were not in a position to proceed =

We have no explanation from Dr Edwards, ^{the chairman} why he did not come, and as he had communicated with parties who were likely to receive us, it was of the utmost importance that he should have been present.

Both Messrs Shearer + Finlay agree with me that, as the time in which to make arrangements is now very short, some steps should be taken to place those who are willing to work, in a position to do so.

I remained in town (altho living at Ste Anne) & expressly to be at this meeting, and if you can suggest any method to help us in our difficulty we will be very grateful = Or, to save time if you would telephone to me N^o 980 = I would carry out any suggestions you might make.

Sir J. W. Dawson
Montreal

Yours truly
