Dear Dr. Dawson

I have just received your letter of the 27th and am glad to hear that you have been successful in your search for the bones of the mammoth.

I am very interested in the results of your search and shall be glad to hear of any further discoveries.

I am, Sir, very respectfully,
Your obedient servant,
A. W. Ford

P.
Sir William Dawson
Montreal.

as if we should have a
good meeting - We have
invitations for next year
from Indianapolis & Toronto.
Will you be so kind as
to send me word (personal
letter) at Cleveland what you
think about a meeting in
Toronto. Should we have
a successful one there,
anything like the interest
that was evinced at
Montreal? When the question
comes up in Council I
shall be asked and I would
like to be privately fortified.
Whatever you state I will
hold as confidential unless
you require otherwise.

Very truly yours
J. W. Putnam
