MERCHANTS BANK OF CANADA

Mr Percival Williams

Your obliging favour  
was duly received  
on returning home after  
a few days absence.

You may have seen  
a reply to my letter from  
a gentleman in Winnipeg  
- Turner is the name  
I think. But there

is little in it except  
a rather pointed reference  
to yourself as exercising  
a sort of despotic  
authority in the College  
proposing to make  
the University a  
republic. -

I have not noticed  
this. -

Many matters  
as you say were left

unnoticed in my letter: the fact  
is I was not quite sure of  
my figures & there was no one  
new to give such information

But truth can wait...

I was sorry to hear of an  
accident that had befallen  
you on the sands. In this  
time I hope you are well  
with very kind regards to  
yourself & Uncle

Believe me

Very truly yours

Wm. C. C.
