Dear Sir!

Some months ago I asked you through a postcard if has reached you the 2. part of vol II of my book Faunader Tschahle. und I have not received an answer. Now is the 3^d part ready und I hesitate to send it to you before you let me know your accurate address.

I finished also a beautiful group of restorations of 12 Genera of Stegocephali. executed in natural size in bronze and artistically related. Price. 50 dollars (100 Mark)

I also finished the third series
of galvanas and plaster casts of
the genera figured on the II volume
of my book. (25 dollars)

I would be much obliged if you
would recommend these instructive
things to public institutions
in America because my enthusi-
siasm to make the "airbreathers
of Bohemia" well known takes me
much money away and I find much
difficulty in publishing such a
expensive work selling very
few copies.

I remain

Yours truly

Dear Sir,

I have not received your letter of the 11th of May
 and I am sorry that I cannot
 answer it at present. I have
 been so busy lately that I
 have not had time to do so.
 I will answer you as soon as
 possible.

I am, Sir, very respectfully,
 Your obedient servant,
 [unclear]

I have finished the third series
of papers and please send
the general figures with the volume
of my book. (see below)
I would be most obliged if you
would recommend the instructions
to the printer to make the "instructions"
of the printer "and have taken me
much money and I find much
difficulty in publishing such a
report and selling very
few copies.

Yours truly
