Dear Sir.

I have recently taken up my residence here after 7 years stay in Vancouver Island.

I have brought with me a large number of duplicates of Vancouver Mollusca all taken by myself, & my friend W. Whiteaves myself that jointly you might be willing to exchange a series of Eastern Canadian Mollusca for a set of Vancouver species.

I have duplicates of very many of the species named on the

enclosed (provisional) list of Vancouver
shells & I shall be exceedingly
pleased to hear that you
are willing to make an exchange.

Yours obediently
(The Rev) Geo. W. Taylor

Sir G. Dawson
Montreal.
