Dear Mr. William,

Do you not think it  
would be well for us under any  
circumstances to have the volume  
in question? I am now endeavouring  
to make arrangements to have our  
books available; & in the meantime  
on them set or got a collection  
as possible together.

Accept the thanks for my self &  
daughter for the wonderful silencia  
like of Lady & Miss D.  
& wishes for every success  
in the new year. Believe me

Sincerely yours  
J. W. B. Borsum

Dear Madam,

Do you not think it  
would be well for us  
to have some of the  
best of the  
in garden? I am now  
looking for a  
book on  
the subject; I  
in these cases put  
a good deal  
to keep the  
benefit for  
the J. J. J. J.  
I should be very  
in the garden, I  
I am very  
Yours
