

Ottawa 20<sup>th</sup> March 1889 —

Dear Sir,

I received your letter only last night —  
If I had been in Quebec, I would have voted  
for Mr Lynch's bill, on the principle that  
our University degrees ought to be acknowledged  
and also that having a separate system  
of education for Catholics & Protestants, it is  
not just for the one to interfere in the  
affairs of the other — This letter is not private.

Sincerely yours  
G. B. de Boucherville —

Sir J. W. Dawson. L. L. D. etc, etc —
