Dana
New Haven, Ct., *Mar. 27* 1889

Dear Dr. Dawson

I have rec^d your letter with the paper on the strange & interesting plant, and photograph, and we shall be glad to publish it in our next, if we can get a ~~cut~~ ^{figure} in time. I have sent the photo. to New York, with enquiry as to success in copying by photographic method so as to obtain a cut, and also an enquiry about price, and will soon report to you the result. It is a wonderfully fine

specimen. Thanking you
for the paper

Very truly yours

James W. Dana
