DORCHESTER HOUSE.

19th June

My Dear Mr William

I appreciate very
much your kind favour of
the 17th Inst. I trust
the Council will not take
action with reference to the
omission of my name
from the list of Vice-
Presidents. I think it
was premeditated on the
part of one or two members

As long as you are

Dorchester Post.

Resident nothing will
tend to lessen my interest
in the Nat Hist Society
of which I am probably
the oldest member.

Wishing the Society
continued success for
which it is so much
indebted to you - with
kindest regards

Yrs very truly
J H Joseph
