Principal Sir Wm Dawson, C.M.G., LL.D., F.R.S., &c.

Dear Sir,

Would Thursday, the 27th, suit you better? If so, we shall be easily able to make the close on that day, and be very glad to do so, for we should think it a great misfortune to be deprived unnecessarily of your presence on that occasion.

With respect to the evening meeting which you so kindly propose, I can not take upon me to name a day for it, but if you will choose a day that will be most convenient for yourself, I am sure that the executive committee will be able to adjust its programme accordingly.

Yours sincerely,

S.P. Robins.
