The Mail has the largest circulation of any paper published in the Dominion of Canada.

Toronto, 22<sup>nd</sup> June 188

Sir Wm Dawson F.R.S etc

The Principal McGill University  
20 July 1889

I would be greatly obliged to you if you would furnish me with an autographed photo of yourself x Also some particulars regarding your age; birth place; early boyhood and manhood; early associations and occupations; initial works, of what description & where published; methods of work; names & dates of publication of your principal productions and any other information you might feel disposed to give me x

I am preparing an article for a New York magazine or Canadian literatures and scientists, and it would of course be incomplete without your having a place in it x I trust you may be able to give me the assistance I desire -

Your obedient servant  
W. Blackburn. Harte.
