I have pleasure in
stating that Mrs
Nevil N. Evans, B.Sc.,
is a graduate in
Applied Science of this

been employed with
much success for two
years as Assistant

Chemistry & Mineralogy,

and that he has
been distinguished for
diligence ability and
personal good character
throughout his course
as a student and
instructor. He now
wishes to pursue
further studies in Science,
and I beg to commend
him to the esteem

and confidence of all
with whom he may
be associated.
