

July 30/89

Dear Sir,

I have now finished  
an article on the present  
aspect of the deluge question  
as you requested some time  
ago and send it for  
your acceptance by this  
mail. I have taken some  
pains with it and trust  
it may be a useful  
contribution to the litera-  
ture of the subject, in  
connection with the

most recent facts and  
 publications bearing on  
 it. I shall of course  
 be glad if possible  
 to have a proof,  
 though as you will see  
 the M. S. is very plain.

Truly yours  
 Wm Dawson

Percy War Bunting Esq
