

M^cGill College.
Montreal.

July 27/89

Dear Mr Redpath

Your welcome
letter of the 4th inst
from Chertanica reached
me just before leaving
Montreal. We all envy
you for your trip,
and rejoice in the
restoration of your
dear wife's health.
I am here only for
a day en route to

Apr 21/89
1889
London
London where the
American Association
is to meet this year,
and where I expect
to see many old
friends.

As you refer
so kindly to me in
~~your~~ connection
with your will,
I may be excused

In mentioning two
friends of mine
who will be glad
to be remembered,
one is the Peter
Redpath Museum
which should have
a fund of say
\$2000 per annum
in perpetuity, and

The other is your
Chain of Natural
Philosophy which
should be separated
from that of Natural
History and should
to that end have
its endowment in-
creased to say
\$50,000. Please advise
me for such suggestions
and believe me

Yours sincerely
Wm. Dawson
