My dear Doctor Dawson

I learn that our engraver has sent you his bill for that woodcut, and has included in it a charge of a dollar for the addition to it, which I had intended to pay myself and I enclose herewith the amount.

I enjoyed greatly the visit to Toronto and the new acquaintances made there and only wish that I could have staid through the meeting and participated in the pleasures of Toronto hospitality, the Geological

Society made a fair
beginning. I hope that it
will steer clear of
feylla & Charjedis and
be a success.

Faithfully yours
