Dear Sir William

I would most gladly give
you friend fishing privileges if
I had the power - but our
byelaws only allow them
when any stranger goes out
to the Club waters with a
member - I have just returned
myself - I shall make
enquiry if I can manage it
Let you know on Monday -
Wish I hear too late, today being
Saturday

Yours truly
Alex. Henderson

Healden
Sept 1844.

Is your friend a young man
that can stand a little
roughing? as our accounts
are of course of that nature.
