My dear Sir Wm

Since writing you on Saturday Miss Greenshield, who comes today from New York, has written Carrie a note saying she had heard through her correspondent in Montreal that it was rumored there that she was engaged to an English gentleman from this neighbourhood. The matter has been talked over in our house & the inference is that Hope Athin must be the man - I of course here not in the slightest degree said anything about it & I write this, in case you may think if the rumour comes to you goes through Miss Greenshield,

that you may know the reasons  
did <sup>not</sup> originate here.

With kindest regards

I am very truly

Yours  
G. H. Brown
