

HARPER & BROTHERS.

Harper Bros

FRANKLIN SQUARE, NEW YORK.

Feb. 17, 1890.

Dear Sir: In accordance with your request of the 5th inst., we enclose herewith statement of sales of the Origin of the World & Story of the Earth & Man up to the 15th inst., together with our cheque for thirty-three $\frac{84}{100}$ dollars, in payment of royalty as per statement. Kindly advise, if you please, of the receipt of the cheque.

You will see, by the statement, that we have over three hundred copies of the Origin of the World on hand — having reprinted it since the date of your previous statement — & we

are inclined to doubt the advisability
of revising the work at present, as
kindly suggested. We shall,
however, take your suggestion into
consideration, & refer to it again,
should occasion require.

We are, dear sir,

Very truly yours
