Dear Sir William Dawson

I was much
chagrined to learn from
Dr Kelley that there
was question as to the
regularity of the
degrees on which
the applications for
ad eundem degrees
made at the last

Corporation meetings
were based. I was
the formal proposer of
one of these degrees
on what I could
not but look upon
as adequate personal
testimony but without
any investigation on
my part indeed
without having a
moment's time for
any enquiry, and
not knowing the applicant.

I have taken steps to
find out what the
real state of the case
is.

Sincerely yours
M. D. Boyall

Dr. William Dawson
