Sir William Dawson,
Montreal, Can.

Dear Sir:- You will notice by the enclosed Prospectus that I have established, in this city, a review in which important space will be devoted to Men of Letters. In order to make this department worthy of the subject I would request your co-operation.

In one of the early numbers of the magazine I am desirous of publishing a biographical sketch of yourself, - will you kindly refer me to some person competent and willing to prepare the same?

With many of the articles it is the intention to run portraits, - have you one of yourself which could be used for that purpose?

Trusting to hear from you at an early date, I remain,

Very respectfully,

C. W. Moulton
