Sir Wm Dawson L. L. D.

Prin^l McGill College

Montreal

Dear Sir

In connection with the
College which our church is seeking
to establish at Oudore Central India
a library is urgently needed, if
we are not to work at great
disadvantage amidst the many
opportunities which the college will
present, but at present all the
money we shall be able to raise
will be required for buildings
& furnishing the same. It has
however, been suggested that possibly

there may be duplicate Volumes in
the Library of McGill College that
could be conveniently spared.
I so would you kindly take the
matter into favorable consideration
& do what you can for us. I
expect all the Colleges in Canada
will assist in this important
work so far as they are able

With kind regards

Sincerely

J. Wilkie

Missionary at Sudore
and Pres^t of the College
