Sir William Dawson  
Dear Sir

I went and saw the  
Bat which you spoke to  
me about it is a large -  
specimens of Fruit Bat -  
from Ceylon. The skin is in  
very fair condition the wings  
are broken a little and one  
of its eyes are missing it  
would want restuffing. The  
Price Mr-Harris is asking  
for it is \$20.00.

I received the Boxes of the  
late Mr-L Gibbs last Monday  
there are eight-Packages in  
all I let Mrs-Hill know.

And we opened them yesterday  
they contain nearly all  
Botanical Specimens -

I received your letter today  
but I have not as yet heard  
any thing of the Box

I remain yours respectfully

E. Dudley
