Dear Sir William

I cannot tell
you how surprised and
gratified I was to receive
the book. Besides the
value it had by coming
from the Author it was
a book I was very glad
to see and read for I
have a friend whose
mind is greatly troubled
about that subject.

and I know your words
would carry great weight
with her. And thus while
I learn myself I may also
be able to comfort another.

I hope you had a safe
and comfortable journey
and found your family
well. Again thanking
you for your kind remem-
berance of me.

I remain

Truly yours

Elizabeth Francis Evans
