NEW YORK, July 21th 1890

Sir J. W. Dawson
My dear Sir

I requested the
director of the Geological
Survey to send you a copy
of my monograph on the
Palaeozoic Fishes and Safford
he has done so

I enclose a ticket which
I will beg you to paste
into the volume

I am just back from
Colorado, where I have
been making some last
observations on the Saranac

I am busy on my volume
on the Coast and July
Flora and hope to have
it finished in another month
With all good wishes

Yours Very Truly
A. S. Newberry
