Dear Sir

Your letter of the 19th
with one for Sir Donald Smith, was
received at his Office here this morning.

Sir Donald before leaving for England
informed us that he expected to be back
here early in August, but in none of his
letters from England so far, including one
received today of date July 12th, does he
make mention of the time or date of
his return voyage. Still we expect him
back here sometime in August. -

Your letter to him was mailed to him today
to go via New York p.s. "Teutonic."
