My Dear Sir William

Great friends of ours,
Mr and Mrs F. Perceval, are
about to pay a visit to Your
Great Dominion, neither having
been in America before, and
intend to include Your
large and beautiful city
in their tour, in a great
measure with the view of
seeing

seeing the magnificent
College over which you have
for many years so ably and
beneficially Presided -

Permit me to introduce them
to you and Lady Dawson
with a hope that you will
aid them in seeing the
numerosous objects of interest
in Montreal and advise
as to their future route -

Mr. Percival is not altogether
a stranger to you and
Lady Dawson, as you met
him at dinner in this house

some years ago, and afterwards
in Egypt, of which meeting he
appeared to have a very pleasing
remembrance —

With kindest remembrance
from all to Lady Dawson and
yourself, believe me

very sincerely Yours

John Rae
