

Richard  
Sept 90

Providence R.I.  
Sept. 26. 1890.

My dear Sir:

Estheria dawsoni na,  
described by me in the American Naturalist  
xv. June 1881. p. 496. and again, with addition-  
al remarks in my Monograph of the Phyllopod  
Crustacea of N. America, in the 12th Annual  
Report of the Hayden Survey. 1883. p. 358  
Pl. ~~xxv~~ figs 4, 4a, 4b.

I have been meaning to write you in  
reference to a Saiadites, as it seems like,  
from the Carboniferous of Illinois. Have  
you any specimens of either of your  
Naesothia species which you could  
send me to compare with mine, or  
possibly exchange for one of the Illinois  
specimens if I can obtain me, as I  
hope to do? Yours very truly,  
A. S. Packard  
Sir J. W. Dawson L.L.D.
