Dear Sir William

Mr George Dawsons papers  
will be all worked off, that before  
the 24th. The traps are not  
satisfactory and must be  
done over anew. I am pressing  
them on. The large trap pre-  
sented some technical dif-  
ficulties which seemed to be  
personal to the photographer  
now so it was sent to show  
York and the transfer may  
arrive at any moment. I  
think I shall be able to meet  
your views very nearly and  
am not losing sight of the  
need of despatch

Yours truly

S. Dawson
