Sir William Dawson L.L.D. etc

Dear Sir William

I am sending some Catalogues of my
Books and Curios, about which I spoke to you a year
ago. It has been my desire to avoid disposing of them
if possible, so delayed offering them, but find it
necessary to do so now. I take advantage of your kind
friendship in sending them, to point out in the Catalogue
some of the more rare and valuable items, which some
friends of the College or Museum might wish to present
With great esteem

I Remain

Yours Sincerely
