Dear Mr Swett

I have a letter  
from my friend Dr Gray  
of Rome asking permission  
to translate for ~~the~~  
Wadsworth, under the auspices  
of the Science Publishers  
Society - "They wish a Modern  
Greek of Solon". I have  
said that I have no  
objection except to your  
consent, and should <sup>+</sup>  
~~the work be undertaken~~  
I shall be obliged if you  
will give any facilities  
in your power, more especially  
as to advanced sheets of the  
revised edition.

Yours truly  
J. J. Swett
