

Steven Brown

Dec/90

Montreal, Decr 20 1890

My dear Sir

Referring to our conversation regarding the incorporation of this society, I have forwarded today the communication of which I spoke.

I feel sure that were you to follow this up with a personal letter, - as you were kind enough to propose, - it would assist us greatly in obtaining the end we have in view.

I am enclosing copy of rough

draught of what I said, and
any points which it may strike
you have been omitted, you
might kindly add in your letter.

His Excellency asked me to
to send him any information
I could gather respecting the
incorporation of the "Royal
Society of Canada, & that of the
Civil Engineers, this will ex-
plain the closing paragraphs
of my letter to him.

Thanking you for your kind
offer to assist us in this matter

I am my dear Sir

Sir J. Wm Dawson
Montreal

Faithfully yours

Sturgeson Brown
