My Dear Sir William

Allow me to introduce to you the Hon. Senator Howland of P. E. I., who would like to show you a report from the local geologist on the strata between Capes Barrow & Edmentine, where it is proposed to connect the Island with the mainland by a tunnel. The Senator is the authority on the question of the tunnel.

I am glad to see that you intend to give the Royal Society a cordial greeting. Can I do anything? Ever Truly Yours

Geo. M. Pranch
