Sir William Dawson

My Dear Sir

The Hon. G. W. Ross
Commissioned me in
September last to make
a bust of you for the
Education Department,
but I have delayed going
to Montreal on account of
your illness which has
been mentioned from
time to time in the
newspapers, and recently
stating that you are

now convalescent -
I beg to ask you if it -
would be convenient -
for you to give me
the desired sittings,
I would only require a
short-time each day
or at any time you felt -
that a sitting would
not-fatigue you.

Yours very truly
Gildred Peck.
