My dear Mr. Dr. Williams

I am very glad to hear
that you will be able to come
out to Cambridge on Friday
next and that Lady will
accompany you. Prof. Shaler
tells me you are to be at the
Museum with him before
I shall have the pleasure of
taking charge of you. My
room is immediately over his.

I shall depend upon you and
Lady Lawson taking lunch

with me after we have looked about the
Museum and I hope fairly 'saw' them
with excuse Mrs. Agassiz from calling upon
her as she is not making any visit at
present

Yours sincerely
A. Agassiz
