

Stanford University (p. o.), California, Feb. 15 1894

Dear Sir William Dawson:-

I beg to thank you for the copy of the Canadian Ice Age you so kindly sent.

I am much pleased to see this important work, partly on account of the great amount of valuable data it contains, and partly because your views are there set forth in such a manner that there can be no excuse for misunderstanding them.

I confess with proper humility that I have been among those who have misunderstood you on this subject, and I want to beg your pardon for the injustice done you in my mind and once done you in speaking upon the subject.

I wouldn't imply that my former views are abandoned, but that they are, at least, broadened by the facts you present.

Yours most truly,  
J. C. Branner.
