Toronto, Nov. 29th 1894.

To Sir William Dawson,
McGill University,
Montreal.

Sir.—"The Varsity" is endeavoring to issue a Christmas number which shall be representative of the best Canadian talent, and up to the date of writing has been successful in securing the services of Prof. Goldwin Smith, Dr. Bourinot, Profs. Alexander and Horning of Toronto and Victoria, Messrs. Chas. G. D. Roberts, Archibald Lampman, Duncan Campbell Scott, Miss E. Pauline Johnson and others. There is also some prospect of our securing contributions from Mr. William Wilfred Campbell, and Prof. Clark of Trinity.

As the success of the venture is now assured and as we can therefore speak confidently, I ~~now~~ write to ask you whether you can find it possible to favour us with a contribution. I am aware that the request is a somewhat presumptuous one, since we can not promise you any remuneration — the limited character of our field precluding any possibility of that. Our desire is simply to present to our readers something thoroughly artistic, and representative in its own unpretentious way of the best Canadian talent. We expect to reap no pecuniary advantages whatever. We desire that the great University of Ontario's great sister Province should be represented, and certainly no one can so well represent Old McGill as you, who were so long the guiding spirit in its affairs.

It is not necessary that the contribution should be a lengthy one. While we would like you to let us have an article of some length, your own convenience and inclination must dictate in this matter. Something of 1000 or ^{fifteen} ~~1500~~ hundred words in length would suit our purpose admirably if you were unable to give us something longer. There must be many topics of interest to Canadian students upon which you might have something to say — such as the educational outlook in Quebec, or Canada as a field for geological investigation. However I would not presume to choose a subject.

It is necessary that all copy be in our hands by Dec. 12th at the latest, but though the time is so short I sincerely trust that you will be able to contribute at least a ~~short~~ brief article to our columns.

I am, Sir,

Your faithful servant
