My dear Sir William Dawson

We leave next month
for Cuba Yucatan, Mexico; of our Lord
twines & pearls as we learnt a
little of the language in Canaries last
winter & it is the most open of all
Spanish speaking countries to the
gospel - at Los Angeles, Robert Grant
has for fifteen years edited three
monthlies one gospel, one for believers,
one controversial -

Our only Son is getting thro the three
years work at Oxford in two years &
as he has passed all exams as they
came, he hopes the last at Xmas will
be no exception

he hopes to join us & visit the ancient
cities of Guatemala with my sister who
is now with us, he has long chosen
the profession of Architect.

& he has ^{three} questions he wanted to
ask you, as he from your books he thinks

you could ~~give~~ answer them, if it is
not encroaching too much on your time

1st In Egypt.

Do they quarry granite for building
purposes now

2nd Is there any sand stone in the
country that they use for building.

3rd Are there any grey marbles to
be had in Egypt.

It will give us real pleasure to hear from
you again

Pray express to any who
may be with you who may remember
us our Xian love

Yours in Christ
