My dear Sir William, -

I am obliged for your
note. I find I had written
out in my Narrative and
Critical Hist. of America,
vol IV. pp 53-57 (where
your Foral men is charac-
terized by De Costa, - and
I know the book as the
index to vol I. will show.)
Some memoranda in the
interleaves, much to the
effect that the sentence
in my Frontenac &
Cartier p. 33, implies; but
I do not give specifics

authority for holding your
views to be what I there
indicate; and I can't
recall at this moment
what my warrant
was. I will however
alter the line in my
letters to suit what
you ~~intend~~ say on
your present views.

I am just carrying
through the press a sequel
to the Frontenac, covering
the Mississippi basin
from the Peace of Rappah

2- Mar of Paris, 1697-
1763.

Sincerely yours

Justin Omon
