My dear Sir

I am much obliged to you for your Postcard & letter. We seem to have been at cross purposes. When Mr. Lovett received your Invoice I took it to be an answer to my application to you for the cost of the blocks, & when I received your card of Feb'y 18th I thought the figures had been wrong by a slip. Your

other letter - Feby 20 - put
that matter right & just
recently Mr. Lovett has
written you to say that
we work it out as £6. 2. 11.
which letter has again
crossed yours. This is
the amount we shall
send you in Apl. next.

I am sorry you should
have had to write about
the matter again.

The book seems to be
going on very well here, &
some 1500 have been
disposed of up to the present.

Believe me,

Yours sincerely,
Sawaters
