Birkensbato,

Little Metis.

June 24/95-

Dear Dr Blackader,

We arrived here
safely and well on
Friday night, just
at the beginning of
an easterly storm
which is however of 2
parents ending to-day

I have a letter
from the Gossins. There
has been a fall of
the cliff bringing down
the tree I was hoping

To take out, some
pieces have been
taken from the delus
but I suppose the
best part remains
buried in the mass
and may have to
be dug for. I have
written to direct
that if there is
danger of its removal
by the tides before
I get there, they
had better proceed
to remove it and

~~take out any family~~
~~it may contain~~
Otherwise I shall
~~try to see some~~
~~to look at it~~
myself. If there
you are in a
position to take a
little holiday, this
week or next I
shall be glad to
join you and
to see you here
on the way.
